Dear Partners for Life,

Recently, I answered the phone and on the other end was a frightened 18 year old, **"I know ya'll don't do abortions but can you give me the name of someone who does?"**

I asked why she thought abortion was the best option – "I don't want to tell my mother and I'm just not ready (to have a baby)." We talked for a while. I wanted to know what she knew about the abortion procedure. Her girl friend had already told her what to expect. As she described in detail her friend's experience I knew she had used the RU- 486 chemical abortion pills. She knew the first pill was "to kill the baby."

I know the Lord was at work because she stayed on the line with me as we wrestled with the challenges she was facing. When our conversation led to spiritual things her immediate response was, **"I am a Christian."**

I spoke very openly with her and she listened – even though I times I worried that she would hang up. I asked her to listen to herself – the idea of aborting her baby did not line up with her confession of Christ as her Savior. We discussed the idea of adoption – the results being the same as an abortion plan, to NOT parent, but the difference is life over death. We also talked about the post-abortion effects many women experience after a decision to terminate.

Tiffany agreed to come in for an ultrasound on her day off work. After seeing her precious baby on the ultrasound monitor she made the decision to choose life for her baby. Praise the Lord! We are so thankful for the opportunity to show life in the womb through today's technology and eternal life in Jesus Christ through His incredible sacrifice upon the cross.

We cherish your prayers, time and financial resources as we minister to young men and women in our community. This story is not a rare incident but a daily occurrence. The battle for life is raging and we thank each of you for fighting with us through God's love. It is the bond that brings us to repentance and into relationship with Him.

May the Lord Bless you and keep you –

With Passion for Life,
